LUXURY LIVING SHREE • VEERAM • GEETHAM • RAGAM

Bengaluru the SILICON CITY of India has been growing tremendously due to which there is an inflow of human resources from all over India. Electronic city is one such place in Bengaluru where a lot of Industries and Technological Parks are present. SV GRANDUR is one among the projects of SV GROUPS which is located in electronic city. SV GRANDUR offers a choice of beautifully appointed 2 BHK and 3BHK apartments. From our experience in providing homes, we recognize to focus on long term durability and lasting style. No common walls, Concrete walls using Modern Technology (MIVAN) has been established. All sided Ventilation of each flat really maximize the breathtaking vistas .Curtains of glass around you will achieve a wonderful sense of space, light and to maximize views. Ease yourself into a resort-style of community where every corner is created to accommodate a delightful living experience.The nearby METRO STATION saves your time of travel and makes you spend more time with your beloved. Every detail has been carefully considered and designed with privacy, function and beauty in mind.

Salient Features

100% Well designed and quality reinforced concrete walls is used for the entire project. At SV Grandur, formwork technology is implemented which is a revolution in construction system, it is being quite extensively used in india. Using this unique formwork, walls, roof slabs, columns, beams, stairs, balconies together with door and window openings are cast at once. The resulting building structure is very strong, accurate in dimensions and tolerances, with a high quality of finished concrete surface. Formwork technology makes use of concrete as the principal building material. Our aluminium formwork is imported from “MFE Formwork Technology SDN BHD, Malaysia.
